To Whom It May Concern:

My name is Jack K. Hendricks and I am a licensed Chiropractic Physician in the state of Florida since September 1956. I have been engaged in private practice since January 1957 and remain so at this time.

Two years ago, I introduced neuromodulation technique (NMT) as taught by Dr. Leslie Feinberg in the NMT seminars. It is my experience that when used as taught by use of the NMT seminar manual, the system works as disclosed. I have been very pleased to observe the usefulness of treating patients with NMT in conditions of backache, neckache, headache, earache, toothache, upper and lower extremity myalgia, kidney stones, menstrual irregularities, constipation, chronic fatigue, and addiction.

Respectfully,

Jack K. Hendricks, D.C.
